3. We got a strong pool of candidates applying for ICC Scholarship this year. We will be reviewing all the applications this week, and we will announce the results at the Spring Finale.
4. After the results of survey, I haven't heard from anyone about the solution part. So ICC team will discuss about it, propose changes accordingly, make solutions as well as the code changes, and present them in the fall.

1. We finally have the performances pretty well finalized for the Spring Social with VSA, PUSO, and Pop Music Club that will be performing at the event with a closing by the Life Size Models band, a private performance funded by DASB Senate. I and others from Diversity and Events Committee have finished a budget for the event and we will be getting lots of food and decorations. Be expecting to see over hundreds of slices of pizza, cookies, chips, brownies, and sodas of many flavors, and some La Crioux for the fancy people. The decor is going to be much more flowery and with a special atmosphere, but you gotta see it to believe it! This Spring Social is going to be quite different from the past Fall Mixer, perhaps even better, so I encourage you, your clubs, and your friends to buy tickets!
