ICC Elections 2022-2023

Chair of Finance Candidates

Arshiya Rahgozar

I would love to help out others and meet new people at De Anza. Recently I have been meeting new students at school and I am enjoying it. I believe I would be a good fit for ICC because I am open to new ideas and have desire to help others. I am applying for the finance position since I know I am good with budgeting and money in overall. I have also learned quite a bit about finance from a friend of mine that is a banker.

Will Wu

I've always wanted to help others and create or foster communities in which people are happy and welcomed. I worked as a part of Student Government during my time at Monta Vista High School, in which the organizational structure included managing clubs. In response to the COVID-19 pandemic, I worked to transition many of Monta Vista's clubs from in-person to online to ensure student safety. Though halting club activities was an easier option, I wanted people to be able to continue to socialize during the pandemic and continue doing what they loved. Having previously handled club logistics, I believe that the position of ICC Chair of Finance is a position well suited for someone of my background and experience. I have a passion to help others, as well as a knack for numbers and attention to detail. My knowledge, skillset, and most importantly passion lead me to believe that I am a good fit for the ICC Chair of Finance.
