2. What parts of the DASG Elections Code, DASG Bylaws, DASG Code of Conduct, FHDA Standards of Student Conduct (AP 5510), Student Election Posting Guidelines, or other Governing Documents have been violated?

Forcing students who are waiting for the bus to vote for them.

3. List all the facts that substantiate your claim. Attach any documents you wish to have considered.

I was waiting at the 23-bus stop when someone approached me and asked if I had voted. She then asked if I voted for anyone from the 'Elevate' group, in which I said I voted but I didn't vote for any of them. After she left, she approached another student who was waiting for the bus and asked him the same question. He responded and said that the bus was supposed to depart in 0 minutes, but she insisted it would only take a while, and the bus driver had not even started the bus. So, he allowed her to continue, and she started asking him if he had voted or not, in which he replied he had not. She then asked him to scan the QR code of her poster, which took him to the DASG elections page and she directed and pointed out the candidates that he should vote, which I believe are all the candidates from the 'Elevate' group.
